Mr. Bhabha wants a new man on No 30 to handle Engineering Dev. This must form part of the scheme relating to the opening of Engineering classes. A proposition statement is awaited.

An increase of Rs 5- (1) to the Carpenting master & (2) to the Boiling master has been recommended as also the entertainment of 2 new watchmen on 6 each. This proposal seems reasonable & may be sanctioned.

OFFICE OF
INSPECTOR GENERAL OF EDUCATION IN MYSORE

No 4298/140

Bangalore, Mysore, 19 November 1897

From

H J BHABHA, ESQ,
Inspector General of Education in Mysore,

To

The Secretary to the Government of Mysore
in the General and Revenue Deptts,
Bangalore

SIR

I have the honour to inform you that at a meeting of the Committee of the Mysore Industrial School held on the 30th September 1897 the following resolutions were passed

"Resolution II That a recommendation be sent up to Government to place the Superintendent of the school on a par as regards pay with Educational Officers in C Class II and to grant him the first increment of Rs 10 from 1st March 1897 on which date he completed the first year's service after he was confirmed

Rs 100 risng by a anal increment 10

on Rs 100 a month

" That Ponnaswamy chary carpenter maistry be recommended for an increase of Rs 5/-

" That Raghavalu, Potter maistry, be confirmed and recommended for an increase of Rs 5 to his pay from 1st October 1897

" That two military pensioners be employed as watchmen on Rs 6/- a month each"

" Resolution III That the employment of a retired overseer on Rs 30 a month be recommended for teaching surveying and allied subjects to the masonry class to qualify them for employment in the Public Works Department"

2 Mr Srinivasaiengar the Superintendent is a B A of long standing and has received special education in the Madras School of Arts for about four years He has greatly improved the working of the Industrial School in every department and I have great pleasure in recommending that he may be graded in C Class II and given the first increment of Rs 10 from 1st March 1897 The small

increase of Rs 5 to the pay of the Carpenter and Potter mastries may also be sanctioned They have both worked well Their present salaries are Rs 25 and 20 respectively The employment of two night watchmen is also very necessary At present there are only three peons in the school, and they have to do the duties of peons and bill collector by day and of watchmen by night

3 At present for want of a little teaching in levelling and surveying students who pass through the school curriculum find it difficult to obtain employment in the Public Works Department. The Committee proposes to do away with the services of the present masonry master who gets Rs 30 a month and to employ in his stead a retired Overseer of the Public Works Department on Rs 30 to 40 a month to teach both masonry and surveying and levelling and other allied subjects The present masonry master may be recommended for employment in the Public Works Department I recommend that the Committee's proposal may be sanctioned

I have the honour to be,
Sir
Your most obedient servant,
H J Bhabha
